COVER DESIGNED FOR CIM MEMBERS
Remove the worry and costs of litigation with cover designed exclusively for CIM members

As a member of the Chartered Institute of Marketing you know that every project can involve dealing with unique and complex issues. The people involved, the work that needs to be delivered and the negotiations you undertake along the way. Unfortunately we all know that things don’t always go to plan, no matter how diligent we are. It’s also important to remember that you don’t have to do anything wrong – it just takes someone to allege that you have.

Although such cases are rare, if this does happen you could be faced with paying substantial damages and having to fund expensive legal fees yourself, alongside dealing with the stress and worry this type of action can cause. Litigation against professionals has generally increased in recent years and many professional bodies now recommend – or in some cases even insist – that members take out insurance. That’s why we’ve designed cover specifically for CIM, protecting you against the expense and worry associated with any legal action being taken against you.
